10. Disbursement tetap masuk sebagai bagian dari Payroll Run/Payment

Karena di struktur utama lama belum ada menu Disbursement terpisah, maka ada dua opsi:

Opsi A — Tetap sesuai struktur utama lama

Disbursement masuk di:

- Payroll Run
 - └ Payment Tab

dan juga di:

- Payroll Reports
 - └ Payment Report

Opsi B — Kalau UI kamu sudah punya menu Disbursement

Maka boleh ditampilkan sebagai sub-menu tambahan di bawah Payroll:

- Payroll
 - └ Payroll Overview
 - └ Payroll Run
 - └ Disbursement
 - └ Salary Components

- └ Employee Payroll Info
- └ Payslip
- └ BPJS
- └ Tax / PPh 21
- └ Payroll Reports
- └ Payroll Settings

Tapi kalau mengikuti struktur awal yang kamu kasih, yang paling aman adalah:

Disbursement bukan mengganti menu utama lama.
Disbursement adalah extension dari Payroll Run Payment.

Struktur Final yang Tidak Menghilangkan Apapun

Ini final yang benar:
